Hello from all of us at  
Green Mountain Angus Ranch!

Greetings from all of us at Green Mountain Angus! Hope this finds all of you in good health and having a prosperous year. This is the 51st bull sale for Green Mountain Angus. There has been a lot of changes in the breed over the last 51 years but one thing that hasn't changed is our commitment to provide the best service and the best genetics that are available. Our commitment to you our customer will always be our number 1 priority. Thank You for letting us be a part of your program!

We had an OK year here in central Montana. Some early rains gave us a good grass crop. It turned hot in July and the grasshoppers came back but we did get by. One great thing this year is our cattle prices. Most of us sold our calves and yearlings for the highest prices we have ever received. The national cow herd is at an all-time low, beef consumption is high, exports are great, all of these facts tend to make me think we have several good years in front of us.

The sale bulls are again being fed at Brad Kraft's in Billings. Brad does a great job feeding the bulls the right way. They are fed to stay sound. The sale bulls have been picked and are in their pens. This year's crop looks to be the best set we have ever raised. Flagstone and Advocate did their usual great job. Both bulls are making a positive mark on the Angus breed. New bulls like Wrangle and Armstrong have fit right into this program. Wrangler is one of the top calving ease sires in the Angus breed. His calves come easy, have lots of vigor and grow up to be thick stout calves. Wrangler will be represented in the sale with 24 sons selling. Armstrong is a new growth bull that we tried this year. Armstrong goes back to the great Chisum bull that we used several years ago. Our Chisum daughters are some of our best cows. We are hoping Armstrong does the same. Architect is another new sire with a high PAP score. Architect is doing a great job all over the country. Architect sons show a lot of thickness and stand good on their feet and legs. One change in this year's sale is that we will offer a few more aged advantaged bulls. The 25 18 month old bulls will be some of the best we have ever offered – straight off the top of the fall program. The 2 year old bulls in this year's sale are straight off the top of the Rooney Program. Lots of ET sons out of some of the top cows in the breed and sired by some of the best carcass bulls in the breed. These bulls have been raised to stay sound, work in any environment and backed by the GMAR guarantee. If you are looking for 2 year old bulls, take a look at these bulls. As in the past the bulls will be wintered, semen tested and delivered at no charge in the spring. No matter what you are looking for- growth, maternal, carcass traits or calving ease this sale will have what you need.

This year's sale heifers look to be the best set we have ever offered. These heifers have come out of our registered herd. They will be sold as commercial but the buyers will be able to obtain the papers for an additional fee. The AI sires that we bred these heifer to are Crouch Congress, MRA Advocate & Ellingson Badlands 0285. This will be a great opportunity to purchase some of our top genetics. These heifers will make a great set of cows and have a lot of future in front of them.

As always we would like to thank you for considering us and letting us be a part of your program. We will continue to use all the available tools that are out there to produce the type of cattle that meet and exceed your expectations. We invite you to visit our website at [www.greenmountainangus.com](http://www.greenmountainangus.com)

Sincerely,  
Tim & Kris Todd

Here is a very strong herd bull candidate that was produced by one of the top production dams in the GMAR program. H21C has produced seven calves at weaning to ratio 109, which places her at the very top of the GMAR herd. That tremendous production placed her in the donor pen. Lot 4 has a great scrotal and HP combination, outstanding docility, breed, leading PAP, top 15% CW and a great set of dollar values.

There couldn't be a better way to start this fall group than with this young Armstrong bull. He was born to a first calf heifer by Advocate. She had a birth ratio of 98 and a whopping 108 for weaning weight. That's a heckuva way to get started as a first calf heifer. This age advantage bull has a double digit CED, tremendous birth to growth spread, outstanding scrotal and HP, very controlled mature height and mature weight, breed topping foot scores, and some of the best dollar values of the day.

This age advantage bull is the lot 1 kind of animal. He without question has the best set of EPD's in the entire offering on top of that he is out of the best donor ever identified in the program. 680 is racking up quite the résumé for top selling cattle. She comes from a flush that is recognized as the greatest flush ever from the lady cow family. Lot 207 has outstanding birth to yearling weight spread, very good scrotal and HP, outstanding mature height and mature weight, excellent pap score, the best set of carcass data in the offering, and the best dollar values of the day. Make no mistake this bull will freeze some semen.

Here is an absolutely dreamy pedigree, combining Armstrong with Southern Charm, both are sires with outstanding growth and well-known for females that have that extra kick. The dam has a birth ratio of 100 on three, and a weaning weight ratio of 103 on three calves. Lot 208 has a double digit CED, outstanding growth, tremendous scrotal and HP combination, very good foot scores, balanced carcass traits and outstanding dollar values.

A fantastic Harley bull-calf that was one of the top weaning weight calves of the fall group. He has a very interesting pedigree that you could probably call him an outcross to most of the new bloodlines. His dam has had four calves at birth that ratio 97 and four calves at weaning that ratio 104. Lot 209 has outstanding birth to growth spread, top of the day scrotal, very controlled mature weight and mature height, balanced carcass and very balanced dollar values.

Another great Harley bull that has that extra depth, power and phenotype you look for in a great young sire. The Harley cattle have been well received across the country. They appear to work in any geographic region. The dam has seven calves to ratio 109 for WW. Lot 210 has very good scrotal and HP combination, top of the breed docility, very good CW and top of the day dollar values.

## 100 Bred Heifers

Synchronized and A I'd  
Ultrasounded for calving date  
Start calving 1/22/2025

This set of straight Black Heifers is always a sale feature. These heifers are all home raised heifers and are bred to excel in any environment and work in any part of the country. These heifers were AI'd to Crouch Congress, MRA Advocate, Ellingson Badlands 0285 and cleaned up with low birth weight Green Mountain Bulls. This set of future cows should calve unassisted and get a great start. This group of heifers will make an outstanding set of cows and selling in 30 day calving intervals.

### Yellowstone Boys and Girls Ranch & Reach Inc.

**Reach Inc.:** Reach, Inc is a private, non-profit corporation located in Bozeman, Montana. In operation since 1974, Reach's mission "is to support adults with disabilities whom we serve to attain their individual goals and aspirations." Currently Reach works with about 100 people with disabilities (including Dwight & June Winchester's youngest son Clint), providing a range of supports including 24 hour residential services, supportive living programs, assisting people to gain and maintain employment and providing transportation. Reach believes that individuals with disabilities have the right to work, live and recreate in their communities. Reach is dedicated to assisting people with disabilities in becoming valued members of their community.

**Yellowstone Boys and Girls Ranch:** Yellowstone Boys and Girls Ranch has been helping troubled kids since 1957. Today YBGR operates a 410-acre working farm and ranch by allowing kids the opportunity to have a hands-on experience working with livestock, equestrian, welding, woodworking and small engine repair through our Vo-Ag classes.
